

The Incredible Years

Conference for Parent
Management Training

13-14 February 2012 • Wellington

www.confer.co.nz/incredibleyears2012

The **Werry Centre for Child and Adolescent Mental Health** is pleased to convene the first conference for **Incredible Years** Parent Management Training taking place in Wellington, New Zealand from 13 - 14th February 2012.

The conference will include keynotes, invited speakers and workshop sessions which will appeal to all those interested in hearing the latest developments in the **Incredible Years** parent programme.

We are delighted that our keynote speaker will be **Carolyn Webster-Stratton**, the USA based developer of the Incredible Years series.

This conference will be invaluable to managers, policy advisors and researchers wanting to hear first hand information on the research into this evidence based parenting programme both internationally and locally. Managers will hear the value of implementing **Incredible Years** programmes as key parenting interventions in their agencies.

The conference will be of significant interest to **Incredible Years** Parent group leaders who will have opportunities to participate in workshops designed to increase their group delivery skills and to hear of the enhancements for delivery to Maori parent groups. Accredited Group Leaders in the Parent programme will have an opportunity to be inspired by a closed session with Carolyn Webster-Stratton.
